## Wayfair Business Interiors

An all-new, start-to-finish service customized to your project. Here's how it works:

01

We began by evaluating your budget, space, and desired design elements

02

Next, we provide multiple design & floor plan options tailored to your space

03

After reviewing the final design, we procure the best products at the best price

04

Finally, we coordinate delivery & installation to bring the final design to life
