The PODS Advantage for Nonprofits

The Salvation Army can support communities in need through the holiday season with the help of PODS. Fill our containers with inventory and place them on-site at your facility, temporary locations, or move them into your nearest indoor PODS Storage Center. Our solutions are contactless and require zero paperwork, as they can be managed over the phone and online.

- High-Security Storage Containers
- Curbside or Preferred Placement
- Temporary & Long-Term Options
- Easy Monthly Billing Cycle

PODZILLA Patented Lift System

PODS containers are moved using PODZILLA, our patented lift system designed to keep containers — and their contents — level while being loaded onto and off the truck, and to easily position containers in hard-to-reach locations. Our drivers only need 12' in width and 15' in height to place your container.

Manage Donations & Supplies

Need extra space to hold or transport donations and program inventory? Donated goods, Angel Trees, red kettles, disaster relief supplies, and other items will remain in optimal condition inside our secure and weather-resistant containers.

Seasonal Storage Solutions

Searching for a safe place to store holiday supplies until they are needed again? Keep a portable storage container on-site in your facility parking lot, or have your items stored at one of our 230+ indoor storage centers.

Health & Safety Prioritized

Following health guidelines for volunteers and communities? Place our secure storage containers on-site to hold PPE, disinfectant, cleaning supplies, and other sanitation tools to maintain hygienic integrity between uses.
